

# Drs. Bailey, Buckley & Tait's Smile Review

Produced to improve your dental health and awareness

Fall 2014

from the dentists

## Growing To Meet Your Needs

Dr. Buckley established his practice in Rothesay in 1982 and it has been steadily growing ever since. In 1990 his wife Dr. Janet Bailey moved her practice from Saint John to Rothesay and in 2004 Dr. Aaron Tait became the third partner. 2011 saw Dr. Nicola Buckley joining the team. With 32 years in the dental field, Dr. Buckley has decided that it is time for him to think about reducing his hours and with this in mind Dr. James Hicks has become the latest addition to the Oakville Lane Dental Team.

A recent graduate from *Dalhousie University* with his Doctorate of Dental Surgery (DDS),

Dr. Hicks joined the practice in June. If clients require appointment times outside of Dr. Buckley's new schedule (effective February 2015), they will have the choice of booking appointments with Dr. Hicks or Dr. Nicola Buckley. Both offer extended hours including evening appointments.

Oakville Lane Dental is always evolving with one goal in mind; providing the best possible treatment to each and every patient.

*Yours in good dental health,*

*Dr. Aaron Tait, Dr. Janet Bailey*

*Dr. Ron Buckley and Dr. Nicola Buckley*

## Introducing Dr. James Hicks

Oakville Lane Dental and especially Dr. Ron Buckley would like to welcome Dr. James Hicks into our practice. Dr. Hicks is a graduate of *UNBSJ* (BSc in biology and psychology), and *Dalhousie University* (Doctorate of Dental Surgery). James received many awards while attending Dalhousie University among which were the Dr. David Manuel Memorial Prize (greatest proficiency in Patient Care) and the Dr. FA Godsoe Prize (greatest proficiency in foundation sciences in clinical practice).

James grew up in the Willow Grove area of Saint John. While attending university he spent his summers

as part of a team of student volunteers in New Zealand and Costa Rica where they helped to implement community development and environmental management projects.

James and his young family now reside in Quispamsis, where he is enjoying his new home and the short commute to work. He and Dr. Buckley have been working together over the summer and many of our patients have already met him. In the months ahead we will be transitioning patient flow to allow Dr. Ron Buckley to reduce his hours. Dr. Buckley plans to continue practicing dentistry on a halftime basis.

Dr. Hicks is looking forwards to helping new and old clients as part of our Oakville Lane Dental Team.

THANK YOU FOR ALL YOUR REFERRALS. WE APPRECIATE THEM!

# Time To Give Thanks

## To our valuable patients

This time of the year is full of hustle and bustle for just about everybody. With work and school in high gear, it's hard to find time to do anything but try to keep up. Even the dental office is working overtime to meet the latest advances in dental treatment and the increased needs of our patients in this busy time of the year.

No matter how busy we are, there's always time for the people who mean the most. In a dental practice, it's the patients who are number one. That's why in the spirit of the Thanksgiving season, we would like to take some time out to tip our hats and simply say thank you.

You may not think much of it, but your ongoing loyalty, cancellation notification, referrals and each and every kept appointment go a long way toward making this practice run smoothly and efficiently. That makes the dental office a more comfortable and rewarding place for everyone.

These are exciting times for dentistry. You'll read about some of the latest developments and treatments in the pages of this newsletter. If anything catches your eye, or if it's time for a checkup, just give us a call ... we'd really like to say *thank you* in person.

## office information
